I, certify that the above referenced company has Business Auto Liability Insurance, naming Denver International Airport as certificate holder, which indicates that the above named company shall become legally obligated to pay damages as a result of bodily injury of property damage incurred by the driver of the vehicle up to the following limits of liability specified for each occurrence:

(Mark each that is applicable)

___ Minimum of \$10,000,000 in a single limit automobile for bodily injury and property damage liability per accident for operation in the Secured Area. **(Direct City and County of Denver and Federal Agencies should select this option)**

___ Minimum of \$1,000,000 in combined single limit automobile for bodily injury and property damage liability per accident for operation exclusively to and from Gate 2 to the Glycol Plant or the Antenna Farm.

I also certify that such coverage includes all automotive equipment, including any rented, leased or privately owned vehicles for which permits are being requested, used in the performance of work necessary to provide the delivery of services or supplies and to conduct Airport-relate business in the Secured Area.
